

## Alternative Cursors

Some individuals require more options to customise the cursor than that available via the Control Panel. The following is a list of some of the many cursors available.

### Windows

**Mouse Cursors** – simple large arrows in green, red, yellow or white from:  
<http://www.thomaswolley.com/tutorials/access/win2000/win2kmouse.htm#ctp>

**Big Bold Cursors** – right and left, brightly coloured large cursors in 4 different styles (arrows and animation) and 5 different colours from:  
<http://www.billybear4kids.com/desktop/cursors/misc.htm>

right handed arrow cursors

left handed animated cursors

**ACE Centre Cursors** - over 80 additional pointers and cursors for those with visual or perceptual difficulties. Icon styles include animated, coloured, large, I-beams and circles. Download from: <http://www.ace-centre.org.uk/index.cfm>

**Philip's Large Coloured Cursors** - download from:  
<http://www.philip-henderson.co.uk/cursor.shtml>

### Macintosh

**3D Cursors** (for Mac Classic) – your cursor is replaced with a 3D Cursor. Download from:  
<http://allmacintosh.xs4all.nl/preview/204202.html>

**Fat Cursors** (for Mac Classic) – download from: <http://allmacintosh.xs4all.nl/cursormac.html>

**Biggy** (demo version) supports Classic and OS X – available from:  
<http://www.rjcooper.com/biggy/index.html>
